## THE TEXAS DRY FARM- ING CONGRESS MEETS

SIXTH ANNUAL SESSION HELD AT HONDO, MONDAY  
AND TUESDAY, AUGUST 18th AND 19th

### SEVERAL PROMINENT SPEAKERS

#### First Session, Tuesday, 2 p. m.

The sixth annual session of the Texas Dry Farming Congress convened at Hondo at two o'clock Tuesday afternoon, August 18, 1914. In the absence of President Benjamin F. Berkley, Vice-President A. J. Durham presided and called the Congress to order with about 150 delegates and visitors present.

In a touching and impressive manner, Prof. P. B. Peterson, Superintendent of the Hondo High School, pronounced the Invocation of Divine blessing upon the great and laudable work of the Texas Dry Farming Congress.

Hon. L. J. Brucks, District Attorney of the 38th Judicial District, in a brief but happily worded Welcoming Address turned the city and all it contained over to the visitors with the request that they enjoy themselves and leave behind only what they could not carry away.

Vice-President A. J. Durham responded on behalf of the Congress and assured the citizens of the town of a due appreciation of the courteous welcome.

Hon. Nat Parks of the Live Stock Department of the G. H. & S. A. Ry. Co., on behalf of the Railroads, expressed his pleasure at being present and asked for a more friendly co-operation between the railroads and the people in the building up of the country for their mutual profit.

That the interests of the railroads and the people in the development of the country are identical and that the railroads are not wholly selfish in their work of development was brought out strongly in the Response on behalf of the Railroads by Mr. H. Mayo, Manager of the Industrial Department of the Sunset-Central lines.

Mr. Joe Langfeld, President of the Southwest Texas District Union, expressed a regret that an able man as himself had not been chosen to respond in behalf of the greatest interest represented at the Congress—the Farmers' Union of America. He touched upon the necessity for organization and co-operation among the farmers and stressed particularly the present deplorable cotton situation and made a strong plea for the adoption by the special session of the legislature of the Farmers' Union warehouse bill.

Editor Harold Baldwin responded on behalf of the Press. He made an earnest plea for the farmer to get away from his prejudice against so-called book and paper farming and read and study more, and to provide his families with more and better feeding matter by subscribing for magazines and papers suitable to his needs—not forgetting the local papers. He said the press was an absolute necessity for without it there would be no means to give advance notices or carry reports of the proceedings of such meetings as this of the Congress to the general public.

Mr. Paul Wipprecht, Agricultural Lecturer of the Texas Department of Agriculture, spoke at length on The Live Stock Industry in Southwest Texas. He said no farmer could make success of his business without combining stock raising with the tillage of the soil. With stock he could market his feed crops better and for more profit on the hoof than through the bushel measure. At the same time you could better conserve the fertility of the soil. He advocated approved breeds of horses, cattle, pigs, poultry, etc., and the raising of more of them, especially to meet the growing demand for meat.

A communication from the Department of Agriculture announcing the unavoidable absence of Commissioner R. Kone was read by the Secretary.

It was announced by the Vice-President that Dr. Benjamin F. Berkley would be present at the evening session and the appointment of committees and making of announcements was postponed until his arrival whereupon the initial session adjourned.

#### Second Session, Tuesday, 8 p. m.

At 8 o'clock P. M. the second session was called to order with the President in the chair.

After a brief but appreciative introduction by Vice-President A. J. Durham, Dr. Berkley delivered his Annual Address. Dr. Berkley is an eloquent speaker and held his audience spell-bound with his every word. He complimented the citizenship of Hondo on its interest in the Dry Farming Congress, paid a handsome tribute to the ladies whose presence graced the occasion, and reviewed briefly the history of the Congress, saying he had followed its fortunes all over Southwest Texas for the past six years, from the time of its organization in his home town in Alpine in 1909, and was gratified at its growth in influence and usefulness and hoped it would go on for years in its mission of usefulness to the people of our great state. While he had never farmed a day in his life, (Dr. Berkley is a practicing physician for the love of humanity and a President of a bank for profit in Alpine) he has the welfare of the great agricultural masses at heart, and urged a deeper interest on the part of all classes in the man whose mission in life is to feed and clothe the world—the Farmer.

The President's address was followed by a lecture on Conservation of Moisture by Hon. J. W. Neil. Mr. Neil counseled a study of local conditions of soil, rainfall, climate, etc. and the adaptation of one's work to these conditions. In this section he favors early and deep flat breaking, turning under as much humus as possible, so as to retain as much of the winter rains as possible. After a thorough preparation of the seed-bed and the planting of well selected seed, the crops should be plowed deep at first so that the roots of the plant will set deep into the soil and not be disturbed by future cultivation which should be only deep enough to keep down weeds and conserve the moisture from below and keep the heat out from above, a dust mulch, or finely pulverized soil, being the means for accomplishing both.

"How to Keep the Boys on the Farm" was ably discussed by Prof. D. N. Barrow, Editor of the Progressive Farmer. He said the way to keep the boys on the farm is to keep the girls on the farm. The way to keep them both on the farm is to convince them that it is the best place to live. Means to this end are better facilities for doing farm work, better social relations in rural communities, better schools, better roads, a deeper love of nature, a higher regard for the dignity and importance of farm life and an abiding love for producing and gathering the fruits of nature.

Sam Neel, Special Representative of the Agricultural Department of Texas and a native of the Island of Jersey, spoke on The Institute Work of Texas Agricultural Department. He said he had been in Institute work for nearly three quarters of a century, part of the time in the Republic of France but the past forty years in the great state of Texas. He pleaded for a greater interest on the part of the farmers in the work of his department.

After a short talk by Mr. J. C. Beck, leader of the Round Table Talks, in which he stressed the Conservation of the Fertility of the Soil and said that in the midst of much foolish legislation he hoped there would soon be passed the sensible law requiring every farmer to plant at least five acres of cow-peas every year, the second session adjourned.

#### Third Session, Wed., 8 a. m.

Upon the convening of the morning session at 8 o'clock A. M. Wednesday morning, August 19th, Mr. J. T. Snelus, President of the Valentine, Business Men's Club, spoke briefly upon Results of Dry Farming Methods in the Trans-Pecos Country. Mr. Snelus said that like the President of the Congress he was not a farmer but he, too, had followed its meetings over the Southwest for the past six years; he had listened to the much

abused "theories" of the muchly in his sub-treasury plan—a plan the ridiculed "book" farmers; had gone back to his semi-arid home in Jeff Davis County and told his people of the teachings of the lecturers; and had induced them to try the plans suggested. As a result he pointed to a display of farm and orchard products from his section which he had brought with him, and counseled his hearers to listen, learn and profit by the teachings to be had at the Dry Farming Congress, even as he and his people have done.

The second lecture of the morning session was on Corn and Corn Cultivation by Mr. Zeferino Dominguez, a practical corn-grower in the Republic of Mexico and author of the Dominguez Corn Book, an authoritative treatise on corn growing. Mr. Dominguez went deeply into his subject but treated it in such simple language that the most unlearned could comprehend. He took up the selection of seed corn, the preservation of it, so as to retain the greatest amount of vitality, how to prepare, plant and cultivate the crop and how to harvest and store the same. He also spoke on seed testing and plant breeding so as to increase both the yield and the quality of the grain. He told of his experience in testing out his theories and proved their correctness by practical demonstrations and illustrative charts. His lecture of necessity consumed considerable time but was listened to attentively throughout. Mr. Dominguez's success as a corn-grower has been achieved just across the Rio Grande between Eagle Pass and Del Rio and his system of cultivation is, therefore, particularly adapted to this section.

Prof. J. D. Tinsley, Agricultural Commissioner of the G. C. & S. F. R. R., discussed in an able manner the Principles of Dry Farming, dwelling at length on the preparation of the soil and the storing and conserving of moisture. He said he wanted the people to get away from the bug-bear of scientific farming and get down to common-sense, know-how farming and then they would be successful farmers.

The President announced the appointment of the following Committees.

#### COMMITTEE ON NOMINATIONS.

Chairman, Hy. Bendele, Medina Co.  
Neal Coker, Bexar Co.  
W. P. Young, Harris Co.  
H. H. Schofield, Maverick Co.  
J. A. Head, Bandera Co.

#### CREDENTIALS COMMITTEE

Chairman, J. C. Beck, Bexar Co.  
J. D. Beck, Maverick Co.  
A. T. Frasier, Uvalde Co.  
E. A. Parsons, Medina Co.  
J. D. Tinsley, Brown Co.  
W. P. Young, Harris Co.  
Sam Neel, Guadalupe Co.

#### RESOLUTIONS.

Chairman, Sam H. Dixon, Harris Co.  
W. F. Miller, Bexar Co.  
F. T. Ramsey, Travis Co.  
A. H. Leidigh, Brazos Co.  
E. R. Rice, Maverick Co.  
J. T. Snelus, Jeff Davis Co.  
W. O. Victor, Uvalde Co.  
L. J. Brucks, Medina Co.

#### Fourth Session, Wed., 2 p. m.

Upon the convening of the afternoon session the report of the Committee on Credentials was received and adopted as follows:

#### CREDENTIALS:

The Texas Dry Farming Congress, Gentlemen:

We your committee on credentials beg leave to report as follows:

We have been able to account for delegates which give the following voting strength:

Bexar County	5 votes
Brown County	1 vote
Guadalupe County	1 vote
Harris County	2 votes
Maverick County	5 votes
Medina County	5 votes
Uvalde County	5 votes

Total 24 votes

So few of the delegates have registered that we are unable to state the total number of delegates at this time.

Respectfully,  
J. C. BECK, Chairman,  
J. D. TINSLEY, Secretary.

Hon. Sam H. Dixon, Editor of Texas Farm and Fireside and nominee for representative to the State Legislature, spoke on "Marketing Farm Crops." He advocated gradual marketing and as a means to that end favors a public warehouse system and government loans. He said this had been appropriated from the Populists and was now considered good sound Democratic doctrine. He thinks that Dr. C. W. McCuen was 25 years in advance of his time in advancing the proposition

in his sub-treasury plan—a plan the wisdom of which time is vindicating.

Mr. Dixon was followed by Mr. W. P. Young, Agricultural Agent of the Sunset-Central Lines, who spoke on Transportation and Agriculture as a Factor in the Country's Development. Mr. Young said that without transportation facilities the farmers' crops would rot in the fields and without the farmers' crops to haul the railroads would turn to two useless streaks of rust stretching across the country. He urged that the wisest brain and the strongest muscles should be trained to farm life and that the great labor of providing food and clothing for the world should not be turned over to the dullards.

Prof. A. H. Leidigh, in charge of U. S. Soil Improvements, made a very practical talk on Humus and Fertilizers. He said this country needed more vegetable matter in its soil and advocated the plowing under of all vegetable matter and the liberal use of barn-yard manure. He said unless this was done even our richest black land farms would so deteriorate in fertility that crops would fail both in quantity and quality of yield.

The next subject on the program was on "What Demonstration Work Means to the Texas Boys and Girls," by Mr. W. G. Hand, Special Agent, U. S. Department of Agriculture, San Antonio. Mr. Hand said the government through its demonstration work was seeking to interest the inquiring minds of the young and set them to work along scientific lines which would mean the maximum of production at the minimum of labor and asked for the co-operation of the farmers in this great work.

This was followed by Mr. W. O. Victor in a brief recital of "My Experience With Bees in Southwest Texas". Mr. Victor has had a very successful experience and his talk was rich in practical suggestions and was listened to with interest.

Following Mr. Victor's talk, the following report was received from the Committee on Resolutions and unanimously adopted:

#### RESOLUTIONS:

WHEREAS, Cotton is the great staple product of the South and not only the cotton producer but every man, woman and child of our country is vitally interested in the price of cot-

# YES! They Are Here

Cleaning, Repairing and Pressing

ton, because cotton exports give us practically our entire balance of trade with foreign nations, thus bringing from five to six hundred million dollars of new wealth to our country every year, and whereas the present future cotton contract does not conform to the cotton business in that no consumer can accept delivery thereon, but is a mere instrument of manipulation by which the price of spot cotton is artificially fixed; and whereas there can be no stability of prices on cotton until we have an honest specific contract when the rights of buyer and seller are equal; and whereas we believe that any warehouse system that may be devised by the cotton producers will be built upon a foundation of sand without such a contract. Therefore we, The Texas Cotton Growers Association, demand that Congress enact a law embracing the following:

SECOND: That the grade shall be specified in the contract.  
THIRD: That delivery shall be according to government standardization.

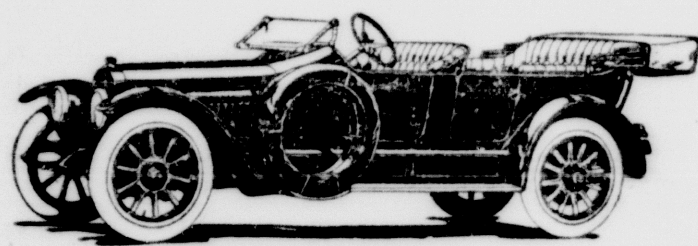

WHEREAS, the extravagant method heretofore employed to market our farm crops has resulted in great loss to our farmers; and

WHEREAS, the present unfortunate war in Europe has cut off much of the ready market for our cotton crop, especially among other crops, creating a condition in which all farmers who must, for lack of storage or funds to hold their cotton, must sell at an extra sacrifice in price; and

WHEREAS, Governor O. B. Colquitt has called a special session of the Texas legislature to enact a bill which

(Continued on last Page.)

## The Most-Talked of Car in the World Today is the HUDSON Light Six-40

This is simply because it is a car that possesses universal appeal. It is more nearly the IDEAL CAR than any other. It is closer to automobile perfection than anything that has come before it.

Laying aside altogether the question of price it makes a brilliant showing beside any car in the world, of any size, on any basis.

Cars that cost twice its price cannot do the things that it can do. Cars of larger size, and greater [rated] power, and more pretensions, when put side by side with the HUDSON Light Six show no superiority.

It carries up to seven passengers in the greatest possible comfort. It shows a mileage record per gallon of gasoline that positively amazes even its designers. It will run farther and faster with less tire trouble and cost than cars of far less power and capacity. It is widely conceded the handsomest car of the year. Its list of conveniences and modern equipment is unsurpassed.

So tremendous has been the demand for the Light Six that even the huge HUDSON factory simply has been unable to fill all orders. But now the factory is shipping close to 100 cars per day and we feel confident that future deliveries can soon be made right on time.

There MAY BE a delay of a few days in getting your car. But isn't it WELL WORTH WAITING FOR? And if you call NOW and place your order you will be just that much nearer the day when you will be driving one of these magnificent, world-famed HUDSONS.

Come and see the new model just arrived by express at our garage.

## A Sermon in Rhyme.

It isn't the thing you do, dear,  
It's the thing you leave undone  
That gives you a bit of the heartache  
At the setting of the sun.  
The tender word forgotten,  
The letter you did not write;  
The flowers you did not send, dear,  
Are your haunting ghosts at night.  
The stone you might have lifted  
Out of a brother's way;  
The bit of heartsome counsel  
You were hurried too much to say;  
The loving touch of the hand, dear,  
The gentle winning tones,  
Which you had no time nor thought for,  
With troubles enough of your own.  
Those little acts of kindness  
So easily out of mind,  
Those chances to be angels  
Which we poor mortals find.  
They come in night and silence,  
Each sad, reproachful wraith  
When hope is faint and flagging  
And a child has fallen on faith.  
For life is all too short, dear,  
And sorrow is all too great.  
To suffer our soul compassion  
That carries until too late,  
And it isn't the thing you do, dear,  
It's the thing you leave undone,  
Which gives you a bit of a heartache  
At the setting of the sun.

—Margaret Sangster.

PATRONIZE those who patronize  
us and we will all prosper. See?

VANITY is as ill under indifference  
as tenderness is under a  
love which it cannot return.—Ex.

tronage.

## How's This?

We offer One Hundred Dollars  
Reward for any case of Catarrh  
that cannot be cured by Hall's  
Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.  
We, the undersigned, have known F. J.  
Cheney for the last 15 years and believe  
him perfectly honorable in all business  
transactions and financially able to carry  
out any obligations made by him.  
NATIONAL BANK OF COMMERCE,  
Toledo, O.  
Hall's Catarrh Cure is taken internally,  
acting directly upon the blood and mu-  
cous surfaces of the system. Testimonials  
sent free. Price 75 cents per bottle. Sold  
by all Druggists.  
Take Hall's Family Pills for constipation.

HAPPINESS follows duty well  
performed. The consciousness  
that we have done our duty to  
the best of our ability, produces  
a satisfaction that makes us  
happy. Happiness is an active  
principal. It is contagious, as  
activity is. In the presence of a  
happy man or woman, we forget  
our troubles. Happiness results  
in doing good to those who are  
worse off than ourselves; in lift-  
ing a fallen brother, who needs  
only a kind word or sympathetic  
look. Are we happy over our  
year's work? Have we perform-  
ed every duty assigned to and  
accepted by us? Are we help-  
ing somebody today?—Masonic  
Home Journal.

THE Chronicle-Journal is in  
receipt of the official program of  
the Texas Dry Farming Con-  
gress which will hold its sixth  
annual session at Hondo on  
Aug. 18-20. The program is an  
excellent one and many promi-  
nent men will take part. Dry  
farming in all its phases will be  
discussed and the attendance  
promises to be a record breaker.  
Hondo is planning to do herself  
proud on this occasion and  
Fletcher Davis is going to see  
that she does. Wilson county  
should send a representative  
delegation to the congress.—  
Floresville Chronicle-Journal.  
Well, Davis did what he could.

THESE things forbear: Debts,  
which eat up earnings; hatreds,  
which embitter existence; idleness,  
which shortens life; habits,  
which come to be masters; and  
pretense, which involves one be-  
yond his ability to perform.  
These things cast away: Antipa-  
thies, for which a reason cannot  
be given; anger, which breeds  
hard words; and desires, which  
destroy peace. These things  
husband: Pennies, which make  
dollars; minutes, which make  
opportunities; acquaintances,  
who are potential friends; and  
sympathies, which make life  
worth while.—Leander Turney.

THE will is a force; its limits  
as yet unknown. It is in the  
power of the will that we chiefly  
see the spiritual and divine in  
man. There is a seeming iden-  
tity between his will that moves  
other men, and the Creative  
Will whose action seems so in-  
comprehensible. It is the men  
of will and action, not the men  
of pure intellect, that govern the  
world.—Morals and Dogma.

PROVEN by test to "suit you  
best"—that's the Anvil Herald.

## A MISTAKEN IDEA

There are some people who still resort  
to drugged pills or alcoholic syrups to  
overcome colds, nervousness or general  
debility, and who know that the pure,  
unadulterated nourishment in Scott's  
Emulsion is eminently better, but refrain  
from taking it because they fear it may  
lead to excessive fat or obesity.

This is a mistaken idea, because Scott's  
Emulsion first strengthens the body before  
making flesh. Its blood-forming prop-  
erties aid nature to throw off sickness by  
building health from its very source, and  
flesh is formed only by its continued use.  
Avoid alcoholic substitutes for SCOTT'S.

## LACOSTE DOTS. D'HANIS DOINGS.

### Items of Interest Culled from The Herald.

Mr. Jos. Biry, one of our enterpris-  
ing farmers, received a large portable  
engine this week; this makes No. 2  
for him, which he uses for power to  
run his two power cornshellers and a  
separator.

Last month's shipments out of L.  
Coste in full car loads was exactly 50  
cars, as follows: corn 25, hay 4, oats  
5, lumber 3, stock 7 and wood 6. Be-  
sides about 20 cars of local freight, 13  
solid cars were received, as follows:  
stock 2, corn 1, ice 3, beer 3, machin-  
ery 4, household goods 1.

Mrs. Pete Schmidt of Biry spent the  
past week with relatives in this com-  
munity.

Mrs. F. J. and Wm. Biediger of  
Spindletop paid a visit to relatives  
here Thursday.

Born, to Mr. and Mrs. Wm. Hitz-  
felder a 11 pound boy, Aug. 6th.  
Mother and son are doing fine and the  
proud Daddy is receiving congratulations  
of his numerous friends.

Ed. Hitzfelder and family of San  
Antonio spent the day Sunday with  
Mrs. Chas. Hitzfelder.

Miss Helen Keller returned from  
Kenedy and Runge where she had  
been visiting relatives for the past  
few weeks. She was accompanied  
home by Miss Conrad of Kenedy who  
will be her guests for some time.

Messrs. Fritz Biediger and Joe Con-  
rad were Alamo City visitors Sunday.  
R. J. Mangold spent Sunday with  
friends in San Antonio.

Mrs. Henry Vondie and Mrs. M. A.  
Kaufman were the guests of Mrs. G.  
L. Haass at Devine Monday. They  
were accompanied home in the even-  
ing by Mrs. Vondie who spent the  
past week there.

The infant daughter of Mr. and Mrs.  
Geo. Echtle was christened in St.  
Mary's Church one day last week.

Mr. and Mrs. Hubert Zuercher of  
Castroville paid a visit to relatives  
here Tuesday.

Grandpa Monier was a passenger to  
San Antonio Tuesday.

Eugene Jungman and family of Po-  
tranco spent the day Monday with  
relatives here.

Messrs. W. W. Wernette, Hy.  
Haass Jr., Joe Rihn and A. E. Hal-  
berdier were sightseeing here Monday  
evening.

Miss Tessie Haass of Castroville  
was a pleasant caller here Tuesday.  
Mrs. John Conrad and Mr. Joe Salz-  
man of Noonan spent the day Tuesday  
with kinfolks here.

Mr. A. O. Biediger the expert perch  
catcher went down to the river and  
landed about 25 fish the other day, in  
a couple of hours.

Mr. and Mrs. Alex Jungman passed  
through here from a weeks visit to  
Devine last Saturday.

A. E. and Frank Jungman were in  
Lacoste Monday on business.

Mrs. Louis Mangold of Castroville  
visited her daughter, Mrs. O. A.  
Biediger the past week.

Mr. Joe Conrad and A. O. Biediger  
were San Antonio visitors Sunday.

Mrs. John Jungman, Lena  
Reicherzer and Miss Carolina Bohl  
were Castroville visitors Wednesday.

Mrs. Henry Mangold and daughters  
of Noonan were pleasant callers here  
the middle of the week.

Mrs. Mat Jungman and Miss Della  
Kaufman were business visitors to  
San Antonio Thursday.

Mr. and Mrs. Edmund Jungman  
were San Antonio visitors Monday.

Mr. Joe Zuercher made a business  
trip to Hondo Wednesday.

## FAIR EXCHANGE

A New Back for an Old One.  
How it Can be Done in  
Hondo.

The back aches at times with a dull,  
indescribable feeling, making you  
weary and restless; piercing pains  
shoot across the region of the kid-  
neys, and again the loins are so lame  
that to stoop is agony. No use to rub  
or apply a plaster to the back if the  
kidneys are weak. You cannot reach  
the cause. Hondo residents would do  
well to profit by the following exam-  
ple.

J. W. Bender, painter, Main St.,  
Kerrville, Texas, says: "My kidney  
complaint was caused by a strain in  
my back and kidneys from heavy lift-  
ing. The first symptom was a stitch  
across my back which kept me in  
misery. Whenever I stooped to pick  
up anything, a sharp pain caught me  
across my back. At one time I was  
hardly able to be about for ten days.  
I used Doan's Kidney Pills and a few  
boxes cured me. Since then, on a few  
occasions I have used them as a pre-  
ventive and have been free from any  
return attack. I cannot too highly  
recommend Doan's Kidney Pills to  
other kidney sufferers."

Price 50c, at all dealers. Don't sim-  
ply ask for a kidney remedy—get  
Doan's Kidney Pills—the same that  
Mr. Bender had. Foster-Milburn Co.,  
Prop., Buffalo, N. Y.

from Ft. Worth.

Miss Clara Koch is visiting relatives  
in Sabinal this week.

Aug. Rothe visited friends in San  
Antonio this week.

Miss Elsie Rothe left Tuesday for  
Hondo on a visit to relatives and  
friends.

Miss Della Sauter returned from a  
visit to Gonzales last week.

Mr. and Mrs. Martin Nester of Sabi-  
nal are here visiting relatives.

Joe Rudinger was a Sabinal visitor  
Monday.

Miss Dorothy Kelly returned home  
Tuesday from Sabinal where she has  
been visiting relatives and friends.

Prof. Kennedy came in from Hondo  
Monday making preparations to open  
the school.

A. G. Ilse is improving his resi-  
dence.

Mr. and Mrs. W. H. Earnest and  
family of Rose Bud, Texas, are here  
visiting relatives and friends.

Mr. Alex Tondre and little daughter  
of Castroville are here this week visit-  
ing relatives and friends.

Mr. and Mrs. Ed. Finger left Sun-  
day for Corpus Christi on a pleasure  
trip.

Mrs. Oscar and Alex Tondre  
visited relatives and friends in Hondo  
Wednesday.

Miss Minnie Stinebaugh of Uvalde  
came in Tuesday on a visit to friends.

Misses Clara and Regina Ney en-  
tertained a jolly crowd with cards at  
their home last Sunday night. Fine  
refreshments were served and a good  
time was had by all present.

Mr. and Mrs. Chas. Boag left Thurs-  
day for San Antonio on a visit to  
friends.

Mr. and Mrs. Louis Carle and fam-  
ily made a pleasant trip to San Antonio  
in their car Wednesday.

J. I. Hanley and family left to  
spend their vacation in the East. Mr.  
Hanley goes to the Ozarks and Mrs.  
Hanley and daughter will visit friends  
in Louisiana.

Mrs. Laura Sonds and Mrs. Oliver  
Sonds of New Braunfels are here visit-  
ing Paul Reinhart and family.

Mr. J. A. Sparks of San Marcos is  
here attending to business on his  
ranch south of town.

R. L. Jordan of San Antonio was in  
our city this week on business.

W. H. Hearne made a trip through  
the country southwest of town. He  
reports everything favorable in that  
section for a fine cotton crop. A fine  
crop of feed has already been  
harvested.

Frank Rothe is working at the De-  
pot, filling Mr. Hanley's place while  
he is away.

Henry Nester is in town this week  
from his home on lower Squirrel Creek  
hunting cotton pickers.

Prof. J. M. Dubray of Fredericks-  
burg and Miss Agnes Nester of  
D'Hanis were married at the church  
Wednesday. A number of friends  
and relatives attended the ceremonies  
and enjoyed a nice dinner at the  
bride's home. Both bride and groom  
are well known here being of the best  
families in our city. They left Wed-  
nesday evening amid showers of rice  
for Fredericksburg where they will  
make their home.

Keep your Liver Active During the  
Summer Months—Foley Cathartic  
Tablets for Sluggish Liver and  
Constipation.

It does beat all how quickly Foley  
Cathartic Tablets loosen your liver and  
overcome constipation. Ney Oldham,  
Wimberley, Texas, says: "Foley  
Cathartic Tablets are the best laxative  
I ever used. They take the place of  
calomel." Wholesome, stirring and  
cleansing. No griping. A comfort to  
stout persons. W. H. Windrow.

It will cost some ships as much as  
\$10,000 in fees to pass through the  
Panama canal. We'd swim the old  
ditch for half the amount.

### The Twenty Year Test.

"Some twenty years ago I used  
Chamberlain's Colic, Cholera and  
Diarrhoea Remedy," writes Geo. W.  
Broce, publisher of the Enterprise,  
Aberdeen, Md. "I discovered that it  
was a quick and safe cure for diar-  
rhea. Since then no one can sell me  
anything said to be just as good."  
During all these years I have used it  
and recommended it many times, and  
it has never disappointed anyone."  
For sale by All Dealers.

Some people spend so much money  
getting ready for a vacation, they  
never have enough left to get there  
with.

For Sale, A few full-blood Plymouth  
Rock Cockerels and Pullets at \$1.00  
each. Now is your chance to put  
some fine blood in your poultry flock  
cheap. First come, first pick. Apply  
at the Anvil Herald office.

This Department is in charge of our Authorized Agent for Castroville,  
**ED H. HUEHNER, Editor**  
who is authorized to collect and receipt for money due this paper and to whom items intended for this page should be submitted.—Editor.

Rev. Father Heckmann left Monday on a visit to San Antonio, returning Wednesday.

Mrs. Henry Vonfle returned home Monday evening from a week's stay with relatives near Devine.

Mr. and Mrs. Chas. Suehs left Tuesday for D'Hanis on a visit to kin folks and friends.

The Misses Hartmann and Kopp of Fredericksburg arrived Tuesday on a visit to H. F. Haass and family.

Miss Lucile Tschirhart left the first of the week on a week's visit to relatives and friends at San Antonio.

Messrs. J. G. Miller and E. L. Fulton were here Wednesday on a business pertaining to the projected Interurban Line.

Wm. Biediger, Jos. J. and John Rihn and Otto Naegelin left Wednesday for the Upper Medina to angle for the finny tribe. One of the party says fish are alright, but hard to catch.

Miss Florence Biediger had the misfortune to severely scald her foot by spilling a kettle of boiling water, Thursday.

H. F. Haass left Thursday morning for Fredericksburg on business bound.

Mrs. John Stricker and children after two week's visit to relatives and friends in our midst, returned to their home at San Antonio Thursday.

E. F. Hillard, the Lacoste butcher, was a Castroville business visitor Friday.

A 2 1/2 inch rain fell here Friday night.

Born to Mr. and Mrs. John Fisher of First Creek on Saturday, Aug. 15, a son and heir. We congratulate.

Messrs. Jos. Courand, Louis Mangold Sr., Joe Keller and Hy. Tschirhart, who have been appointed a soliciting committee towards the bonus to be raised by the denizens of Castroville and farmers of the vicinity for the construction of the projected Interurban Line.

Mr. and Mrs. E. J. Balmes of Devine are visiting relatives here this week.

Misses Gladys and Doris Ford of San Antonio are the guests of Mr. and Mrs. Aubrey Bean. They return home today.

Mrs. A. E. Barnes and children of Houston are the guests of Mrs. John Vollmer.

Castroville, Aug. 17, 1914.

**Summer Constipation Dangerous.**

Constipation in Summer time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Ptomaine Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the Bile, the natural laxative, which rids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose tonight. 50c. at your Druggist.

If we can't pull off a war of our own we can at least indulge in the peaceful occupation of watchful watching.

Bites of poisonous insects that cause the flesh to swell up must be treated with a healing antiseptic that will counteract the poison and heal the wound. Ballard's Snow Liniment answers every requirement in such cases. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

The man who never advertises is like the general who goes into battle without ammunition.

Sallow complexion comes from billious impurities in the blood and the fault lies with the liver and bowels—they are torpid. The medicine that gives results in such cases is Herbine. It is a fine liver stimulant and bowel regulator. Price 50c. Sold by W. H. Windrow.

Our distinguished citizen, General Depression, has departed for an extended tour of Europe.

Breeders of fine horses prefer Ballard's Snow Liniment for all cuts, wounds or sores on their stock, because it acts both mildly and quickly and heals an ordinary wound without a scar. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Wheat prices have not yet reached the "dollar a grain" point. But farmers have hopes.

Constipation is the starting point for many serious diseases. To be healthy keep the bowels active and regular. Herbine will remove all accumulations in the bowels and put the system in prime conditions. Price 50c. Sold by W. H. Windrow.

When a young man gets fresh it is time to tickle him with a stove.

**Headache Gone.**

Rub a little Hunt's Lightning Oil on the pain is gone almost instantly. For neuralgia and rheumatism it seldom fails to give instant relief. Don't suffer pain when this splendid remedy can be purchased at your drug store.

**Stop That Rheumatism.**

Get a bottle of Hunt's Lightning Oil. This is the remedy that everyone is talking about because it stops the pain so quickly. For neuralgia and headaches there is nothing better. Ask your druggist.

**Anomalous.**

Queer thing, wedlock! You find yourself attached to a woman, and go and get tied to her. When you find you're tied to her, the attachment disappears.—Judge.

**Constipation Causes Sickness.**

Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c. at your Druggist.

**Just See How It Works.**

Try being as polite to those with whom you are intimately associated as to casual acquaintances. You will be surprised to see how well it works.—The Watchman.

**What is Best for Indigestion?**

Mr. A. Robinson of Drumquinn, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Tablets as "the best medicine I ever used." If troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price 25 cents. For sale by All Dealers.

**Farm Diplomats.**

"Do you want a job as a farmhand?" "No," replied Plodding Pete. "You have been kind to me in the past, and I think too much of you to make you an object of jealous hatred among all your neighbors."

## AN IDEAL COUNTRY SCHOOL IN TEXAS

Paradise, Harris County, School is a Model for Texas Communities.

An interesting side-light is thrown upon the connection between tenantry and popular education by observing the Pasadena school, ten miles southwest of Houston. Here is a school district with possibly the lowest percentage of tenantry of any school district in Texas, (out of the 83 farms 80 are farmed by owners) and it is more than a coincidence that this district has a model rural school. It is one of those bright spots which the University of Texas Extension Department found in making a survey of the rural schools of Harris county.

The school house is a modern brick building of five class rooms. There is a library of 400 volumes, an auditorium and piano, and excellent equipment. There are four teachers, two of whom are college graduates, and each of the other two have done three years of university work.

Mr. Glasgow, the principal, has taken the lead in industrial and civic affairs. He promoted, organized, and is president of the Pasadena Producers' Exchange, which is a co-operative plan of selling the truck farm products of the community. A sales agent and a bookkeeper are employed the year round. Sales last year amounted to \$90,000, which will probably be increased next year to \$150,000. A cannery is now being proposed. Five hundred thousand strawberry plants were recently bought for the 80 stockholders.

Once each month, Mr. Glasgow meets with the farmers at the school house, where they discuss informally questions that pertain to better farming and country life improvement. It is said of Mr. Glasgow that he has not missed a meeting in two years. He has also directed the social center activities of the community.

Compare this school with that of any district in which there are 80 tenants to three-land-owning farmers, and the connection between the tenant problem and the problem of rural education will emerge with appalling distinctness.

**Farm Bookkeeping Starts Co-operation**

Bookkeeping is as important to the Farmer as the Merchant.

Chas. B. Austin of the Extension Department of the State University, is an ardent advocate of accurate bookkeeping on the farm. He believes that bookkeeping is as important to the farmer as to the merchant. In the course of an address recently delivered before a large audience of farmers, he said:

"Cost of production, reckoned through a system of farm bookkeeping, is the beginning of co-operation among growers. I am not talking about your specialized men, but I am talking about your four hundred thousand average growers in Texas. The bookkeeping will show him in black and white what he can and cannot do effectively; and, even if he is in Texas and not from Missouri, he must be shown just the same. As a man said to me a few days ago, he objected to the purchase of a cream separator because it proved to him that he was keeping three cows at a loss.

"There is no marketing system possible unless you can prove that the selling price is greater than the cost, and at the present time nobody can prove that. It is the system of bookkeeping that will show whether the price should be raised or lowered. It is the system of bookkeeping that will demonstrate that specialization in cotton is a detriment and diversification is a benefit. You show me a lot of farmers engaged in diversification, and I will show you a class of farmers more prosperous than any class engaged in specialization. The farmer who is producing the greater percentage of what he consumes is the farmer who is the most prosperous."

The Board of Regents of the University of Texas offers scholarships annually to the winners of the chief prizes Southwest Boys' and Girls' Hog Clubs and the Texas Industrial Congress.

## Sheriff's Sale.

THE STATE OF TEXAS, County of Medina, In the District Court of Medina County, Texas:

Thos. F. Hart, et al, vs. A. F. Ritter, et al.

Whereas, by virtue of an execution issued for costs of court out of the District Court of Medina County, Texas, on a judgement rendered in said court on the 23rd day of April, A. D. 1914, in favor of the said A. F. Ritter et al, defendants, and against the said Thos. F. Hart, Mrs. Thos. F. Hart, L. H. Zinsmeister, Mrs. L. H. Zinsmeister, Louis Jungmann, Jennie Jungmann, Joe Tschirhart, Mrs. Joe Tschirhart, Lawrence Jungmann, Thelma Jungmann, Johnnie Jungmann, Louis Jungmann, James Jungmann, guardian of the said Thelma Jungmann and Johnnie Jungmann, being the heirs of Emerentina Jungmann, deceased, and plaintiffs in said cause No. 1705 on the docket of said court, I did on the 14th day of August, 1914, at 10 o'clock A. M., levy upon the following described parcels or lots of land situated in the county of Medina, and State of Texas, and belonging to the said heirs of Emerentina Jungmann, to wit:

Lots Nos. Eleven (11), Twelve (12), and Thirteen (13), in Block No. Twenty-seven (27), in the town of Lacoste, Medina County, Texas, fully described and set out on the map or plat of said town, of record on the records of Medina County, Texas, to which reference is made for further description.

And on the 6th day of October, A. D. 1914, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the court-house door of said county, I will offer for sale and at public auction, for cash, all the right, title and interest of the said Emerentina Jungmann heirs, in and to said property.

Dated at Hondo, Medina Co. Tex. this 15th day of August, 1914.

J. F. BADER, Sheriff Medina County, Texas.

**Infection and Insect Bites Dangerous.**

Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Liniment disinfects Cuts, Bruises and Sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c. at your Druggist.

Uncle Samuel is a benevolent old gentleman. He'll dig down when the time comes.

Stepping on a rusty nail has been the cause of many cases of lockjaw. The nail was not so much the fault as neglect of the wound. If such wounds were promptly cleansed and Ballard's Snow Liniment applied there would be no lockjaw, as the antiseptic properties of the liniment would counteract the poison and the wound would heal quickly. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

**Saved Girl's Life**

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

**THEDFORD'S BLACK-DRAUGHT**

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25c.

Mr. Walter Galloway and Miss Lillie Belle Dabbs were happily married Tuesday, August 18, 1914, at the home of the bride's parents, Mr. and Mrs. Jim Dabbs, a few miles south of town. Judge A. M. Lamm performed the ceremony. The Anvil Herald extends congratulations and best wishes.

A regular examination for Teachers' Certificates will be held at Hondo Sept. 3rd, 4th and 5th, at the office of the County Superintendent. This examination is for both state and county certificates. The permanent subjects will come on Thursday, the 3rd. First and second grades on Friday and Saturday, 4th and 5th.

A nine pound baby girl was born to Mr. and Mrs. Fletcher Davis Sunday morning, August 16th. Mother and child are doing well, the father still survives and it ought to be some consolation to the 300,000 Ball people of Texas to know that Jim Ferguson missed a name-sake. We never did like "Jim" as a name for a girl.

Valentina, daughter of Mr. and Mrs. C. W. Gilliam, was bitten on the hand by a pet dog Wednesday evening. Thursday morning the actions of the dog excited the fear that it had the rabies so the dog was killed, and Mr. and Mrs. Gilliam left at once with their daughter for the Pasteur Institute at Austin. An examination of the dog's head, however, removed all fears of the rabies, so they returned home Friday.

If any thing turned out of my shop is not perfectly satisfactory your money will be refunded. S. G. Carter.

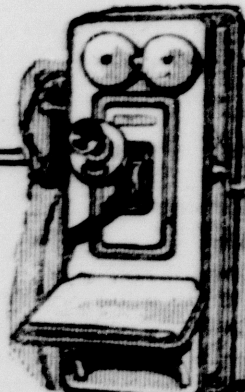

Before you buy that new wagon call on Eugen Huesser and learn the merits of the Mitchell. A car-load just arrived.

If you want to be sure you get the best service, send your clothes to the oldest cleaner and presser. Phone 179. S. G. Carter.

LOST—A dove-colored sack coat between Hondo and my home, on the evening of August 3rd. Finder will please return to me and be rewarded. E. P. Hearne.

A grand dance will be given Saturday night, Sept. 5th, in the Hiram Sons hall at Dunlay. Good music and a fine floor. Everybody invited. The Committee. 4t.

I have opened a first-class restaurant in the Mask building. Good 25c meals at regular hours. Short orders at all hours from 6 a. m. until 10 p. m. Give me a trial. R. G. Knowler. 49c

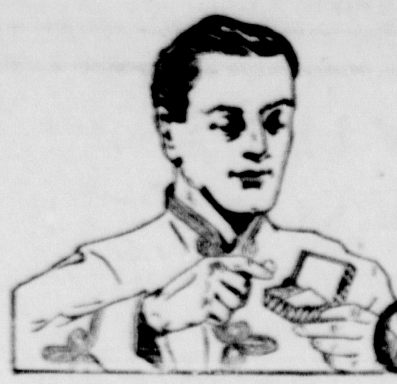

### Your Bell Telephone and PARCELS POST

Constitutes a partnership that should work out uncommonly good results, since City shops are brought conveniently close to the country customer, and city people may obtain from the country the various products of the farm.

BELL TELEPHONE SERVICE provides the means for placing the orders, and delivery can be made at your door by Parcels Post promptly, and at slight cost.

THE SOUTHWESTERN TELEGRAPH & TELEPHONE COMPANY.

### A Guaranteed Laxative

**Rexall ORDERLIES**

We honestly believe we have the best bowel remedy ever made—the most pleasant-to-take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

### Rexall Orderlies

taste like candy. They are soothing and very easy in action. They do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles. They promptly relieve constipation, and help to permanently overcome it.

Rexall Orderlies promote better spirits and better health. In all of these things they are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take but which usually leave the bowels in worse condition than before. We particularly recommend Rexall Orderlies for children, aged and delicate persons. In vest-pocket tin boxes 12 tablets 10c, 36 tablets 25c, 80 tablets 50c. Sold only at

## The Dimmitt County Smugglers.

Mr. F. G. Freeman of San Marcos, Texas, was in town this week in the interest of "The Dimmitt County Smugglers", said to be one of the most meritorious moving picture films in this country. It is the reproduction of the capture of Ex-Sheriff Eugene Buck and deputy Ortiz in Dimmitt County Texas, Sep. 11, 1913, by a band of twenty Mexican gun and ammunition smugglers. Mr. Buck was for eight years Sheriff of Dimmitt County and was at one time on the State Ranger force and is well known in Hondo.

Sheriff Gardner of Dimmitt County, City Marshall White, Deputy Sheriff Ortiz, and Eugene Buck were following a band of twenty Mexican smugglers and while Buck and Ortiz were trailing them through the brush they were surprised and captured by the band. White and Gardner were surprised, too, by a Mexican sentinel who sprang out of the brush only a few feet away and fired on them—but was killed by them—and then a battle ensued with the band and Gardner and White forced to retreat, being out of ammunition, and leaving Buck and Ortiz in the hands of the band.

In Carrizo Springs they soon marshalled a posse and went hot on their trail. Buck and Ortiz were each loaded down with more than 70 lbs. of ammunition and marched toward the Rio Grande. Ortiz was shot to death while in captivity, having failed to climb a steep bank, but Buck by almost superhuman strength carried this heavy load of ammunition and water in canteens about twenty-five or thirty miles. He asked every man in the band for a drink but was refused with curses and prods from winchesters.

The posse overtook the band between four and five in the afternoon Thursday, when Buck was surrendered to them on the promise by Jesse Campbell that they would not follow them further. But Gardner, the Sheriff, not being bound by the promise—he at the time was phoning Governor Colquitt who put all the U. S. soldiers on the scout for them from Eagle Pass to Laredo—the band was overtaken Saturday morning at 8 A. M. when the final battle was fought by U. S. soldiers and citizen posses, resulting in the killing of two, wounding five and capturing the balance.

Mr. Buck will be here Tuesday, the 25th, when the show appears at the Star Theatre. See the big dodgers.

## Notice.

On account of prolonged sickness in my family I will not be able to call on all my friends and customers. If you want any thing in my line write me at Bandera and I will give your order prompt attention.

With thanks for past favors, I am,  
Yours truly,  
JOHN A. HEAD.

## For Sale.

About thirty head of cows and calves, stock cattle, will be sold by sealed bids at my Francisco ranch on the Rio road crossing of the Sunset railroad, on Saturday, Aug. 8, 1914 at 2 p. m. I reserve the right to reject any and all bids. For further particulars apply to H. V. HAASS, Hondo, Texas.

## For Sale at a Bargain.

I have 18 lots, 50x150 ft., in White Addition in City of San Antonio that I will sell or trade. Will take in about one thousand dollars in good Jersey or Holstein stock, some cash and balance on good terms. For particulars apply to C. F. HAASS, Hondo, Texas.

## Notice Farmers.

Investigate my small farm thresher which will take care of your maize, beans, sorghum, pop-corn, peas, etc. Does not break the grain. Capacity 250 bushels per day. 4 h. p. engine will do the work.

R. P. ASHER, Sansom, Texas.

## Taken-Up.

A dun horse mule, about 14 hands high and about five years old, brand T H (with bar over it) on left thigh and a Mexican brand under the T H, also a P on left jaw. Owner can have the same by applying to C. J. Bless and paying costs. tf.

## Notice.

Having sold my business to Thad Gilliam and discontinued work, all persons who are in debt to me are requested to pay up as quick as possible.

Yours respectfully,  
C. H. KOHLER,  
Blacksmith.

## Special Notice.

Any party caught leaving open any gate on the Gilliam east pasture will be prosecuted. Please take special notice. This pasture is stocked with steers and gates must be closed. 3t  
JAGGE BROS.

## Notice Farmers.

I will thresh your milo maize at the following prices: topped 4c; with stalk 8c per bushel. My price for threshing sugar cane is 6c for topped stuff and 15c with the stalk.

## H. G. Dubose Shot To Death.

BROWNSVILLE, Tex., Aug. 18.—H. G. Dubose, chief of the United States immigration service here, late Monday was killed on the stairway of a hotel here, where he, with his brother, E. M. Dubose, a customs inspector, went in response to a note.

An instantly returned fire from the revolver of the brothers killed J. G. Schoenbohm, station agent for the Texas-Mexican railroad at Alice, Tex.

H. G. Dubose lived three minutes. Schoenbohm, who was riddled with bullets, died almost instantly. A post mortem examination showed thirteen bullets hit him.

No cause for the shooting is known as E. M. Dubose refused to make a statement. He declared he did not know Schoenbohm, who arrived at Brownsville at noon Monday and went to the hotel, where the shooting occurred. Schoenbohm registered as "Emmett Burges." He was partially disguised, having dyed the back of his hands a dark brown, and also his temples and the edges of his hair. A box of dye was found in his room.

Schoenbohm was identified later by a man who knew him. Soon after his arrival Schoenbohm, it was said, dispatched a note to E. M. Dubose asking the latter to meet him at the hotel, and saying he wished to repay a favor. The note was signed "Emmett Burges."

Dubose responded, saying he would be there at 5 o'clock, and brought his brother with him, neither having known any one by the name of Burges. They had reached half way up the stairs to the first landing when the firing began from above.—San Antonio Light.

The deceased was a cousin to J. C. Merriman and he and his family, Jim Fussellmann and family and Mrs. Geo. Carie and children attended the funeral in San Antonio.

## Program for Busy Bees.

## NEW WORK FOR AGRICULTURAL DEPARTMENT

Farmers' Union Would Have Commissioner of Agriculture Organize Co-operative Association of Farmers.

A Practical Farmer Demanded to Head Agricultural Department—No Lawyers Wanted.

Fort Worth, Texas.—The Commissioner of Agriculture has greater opportunities for service than any other official in State government. In addition to the important duties which have already been assigned that department by the Legislature, it is generally conceded that the Legislature will devote itself almost exclusively to agricultural problems and the proposed system of new and untried laws must be adjusted to working conditions by the next Commissioner of Agriculture in co-operation with the farmers.

The next administration will be confronted with the enactment and application of agricultural legislation and the Commissioner of Agriculture must be a practical farmer. The law requires, and public necessity demands, that he be a man who has first-hand knowledge of farming conditions.

We Stand for Law Enforcement.

We quote in part from the law on this subject: "The Commissioner of Agriculture shall have a knowledge of agriculture, manufacturing and general industry, shall be an experienced and practical farmer, etc."

We are going to put up a "posted" sign on the Agricultural Department against lawyers. There is no more reason why a lawyer should run for Commissioner of Agriculture than why a farmer should be a candidate for Attorney General. We know of no lawyers who contemplate entering the race, but we want to notify them not to hunt on our preserves in this campaign. We stand for law enforcement and call on all good citizens to see that the constitution is upheld and that no lawyer is permitted in the Department of Agriculture.

The Farmers' Union takes science by the hand and welcomes progress. We have been the pioneers in the movement for improved cultural methods but increasing production is not sufficient. The farmers have many important problems that cannot be solved by free garden seed, skillfully written bulletins and eloquent lectures. We will mention a few of them:

Organization and Co-operation Needed.

The farmer has the best security on earth, yet he pays an average of from 10 to 30 per cent interest on his money, against four to eight per cent paid by other lines of industry on less stable securities. Is it education the farmer needs to reduce his rate of interest? We think not. He might raise the largest pumpkin; the biggest bushel of corn and enough vegetables per acre to fill a silo, but his rate of interest would remain the same.

The farm laborer works an average of 12 hours per day the year round at 11 cents per hour and boards himself. The brick mason in Texas receives 87 cents per hour, the highest of any State in the Union, and farm labor ranks thirty-fifth. The laborers in all other trades work approximately an average of 9 hours for 25 cents per hour. Is it education the farm laborers need to bring their earning power up to that of their city cousins? We think not. He might read farm bulletins every night until the chickens crowed for day and he would not increase his wages one penny.

The average farm yields a net

income on the investment of 4 per cent and the average business 10 to 30 per cent. Will any one contend that this difference is due to ignorance on the part of the farmer? We think not. He might listen to agricultural lectures until he became gorged with knowledge and he would have no more to say in fixing the price of his products than he has today.

The world is one great corporation of which the farmers are the largest shareholders, but when

we call at the counter of industry for our dividends we are handed a package of education and the other fellow gets the gold. We are glad to get the suggestions, printed and otherwise, but we want in on the dividends and a voice in fixing the price of our products.

The Remedy.

We must further improve our cultural methods and move forward more rapidly in all branches of practical science of production, but the remedy for the present difficulties must come through organization and co-operation, and it is this new field of activities that the agricultural department must enter. Legislative permission to form rural credit associations; to build warehouses; to form co-operative cotton gin companies, to organize market associations, etc., is necessary, but it is not sufficient. To get the full benefit of these laws the farmers must be encouraged and directed in the organization of the respective associations needed in his community and this work properly belongs to the Department of Agriculture. It is as important a function of government to demonstrate the advantages of organization for the transaction of the business of farming as to demonstrate the advantages of cultural methods, and far more profitable. The formation of co-operative associations that will introduce economies in farm operations, reduce rates of interest, and afford facilities for the more profitable marketing of the crops, are what the Texas farmer needs today and needs badly.

The farmer has so often become the victim of designing promoters who operate under the guise of agricultural philanthropy that he very properly hesitates to enter into any voluntary organization that binds him financially. We have a very recent instance in which the farmers of this State were fleeced out of a few hundred thousand dollars by promoters, which illustrates the willingness of the farmers to co-operate in an effort to better their condition and demonstrates the disadvantage of no authoritative plan of action. He is entitled to the sanction of State and the endorsement of its authorized representative to co-operative contracts, in which his property and that of his neighbors are involved, and his faith in government will encourage him to enter into these new forms of business transactions when its seal of approval is placed upon them.

The appropriation should be made with a view to extending the work into rural credits and marketing, which is the most needed and most neglected factor in agriculture at this time. The farmers pay more into and get less out of government than any other class of citizens and have less to do with its management.

The next Commissioner of Agriculture should not only be a capable producer but a successful organizer as well. He should be a man who understands the business side of farming and of proven ability in co-operative work, and one who enjoys an extensive acquaintance and possesses the confidence of the farmers of Texas.

It is as important that we select the right man for Commissioner of Agriculture as that we enact constructive legislation on the subject, for laws that are not properly used are worse than no laws at all.

W. D. Lewis, President,  
Peter Radford, Ex-President,  
Texas Farmers' Educational and Co-operative Union.

## THE TEXAS STEER

A Record of Progress Made by the Cattle Industry.

Like the Indian, the longhorn steer has been compelled to give way to civilization and he is now used principally in staging moving picture plays, as the star performer in wild west shows and posing before the camera for picture card souvenirs.

Our endless ranges have been cut up into innumerable small stock farms, the cattle barons have given way to farmers and quality has taken the place of quantity in the livestock industry of the state.

The market demands quality and the Texas steer has shown his ability to master the world's markets and his products fill the nation's larder.

Texas cattle have advanced more rapidly in value than those of any other state in the Union during the past twenty years. The federal census reports show that we had 8,011,195 head in 1890 valued at \$75,227,582 or \$9.40 per head, and in 1910 we had 7,139,400 head valued at \$138,957,404 or a value of \$19.46 each. We show a decrease of 871,795 in number and an increase in value of \$10.06 per head. On January 1st, 1913, we had 12,527,000 head of livestock in the state classifying as follows: Cattle 6,056,000, horses 1,181,000, mules 724,000, hogs 2,493,000, sheep and goats 2,073,000. We have four head of livestock per capita. We have more cattle than any other state in the Union and take first rank in the number of mules. The value of our livestock production per annum approximates \$148,000,000 and the value of meat consumed \$150,000,000, leaving a net deficit of \$2,000,000. The principal loss is on hogs. We consume \$24,000,000 more of pork than we produce, and in leather we suffer a loss of \$17,000,000, although we show a gain of \$28,000,000 in cattle.

The cowboy has been pushed back across the plains. Royal blood has entered the veins of the Texas steer and a marvelous transformation has taken place in the cattle industry of the state. We now have the best grade of cattle in the world and select stock from our farms and ranches will be on exhibition at the Fat Stock Show in Fort Worth, November 22-28.

Send the Anvil Herald to your relatives and friends elsewhere. It will be a weekly news-letter to them.

Summer Coughs are Dangerous.

Summer colds are dangerous. They indicate low vitality and often lead to serious Throat and Lung Troubles, including Consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c. and \$1.00 bottles at your Druggist.

In the meantime our bumper crops continue to annex more bumps.

W. T. Greene, Hopkinson, N. H., writes the following letter, which will interest every one who has kidney trouble. "For over a year, Mrs. Greene had been afflicted with a very stubborn kidney trouble. Foley Kidney Pills done more to complete her recovery than any medicine she has taken, and I feel it my duty to recommend them." For sale by W. H. Windrow.

"Home, Sweet Home," is a popular song with marooned Americans abroad.

W. M. Halfacre, Dexter, Mo., bought Foley Kidney Pills for Mrs. Halfacre, who was down on her back with kidneys so sore he had to help her move. He says, "She would cry with pain across her kidneys, but after she took the second bottle of Foley Kidney Pills, she was as well and strong as ever." W. H. Windrow.

Austria and Serbia are on the brink of war, but they are careful not to topple over.

How To Give Quinine To Children.

FEDRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take, and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for Quinine original package. The name FEDRILINE is blown in bottle. 25 cents.

THE CENTAUR COMPANY, 27 MURRAY STREET, NEW YORK CITY.

**TAN-NO-MORE**  
AND  
**FRECKLELEATER**

**TAN-NO-MORE** THE SKIN BEAUTIFIER. The scientific combination of Cream and Powder. Delightful in appearance and pleasing in its effect. Used during the day it is a protection from the sun and wind. In the evening its use assures a faultless complexion. Experience has taught us that the best way to apply Tan-No-More is to put it on very wet and wipe off with a soft towel at once and do not wait to dry. All Dealers.

**FRECKLELEATER CREAM** For the removing of Liver Spots, Freckles, Ring Worm and all kinds of blemishes of the skin. It will bleach the skin in 10 days and make it as smooth and soft as a baby's. Makes Bad Complexions Good. Good Complexions Better. All Dealers.

50 AND 35 CTS. 50 AND 25 CTS. All goods sold under an absolute guarantee to please or money back. Anyone requesting it will be sent a small sample of Tan-No-More and our little Booklet by mail. **BAKER-WHEELER MFG. CO. DALLAS, TEXAS**

"NATIONAL HERO SERIES" NO. 6

## William Wallace—Scotland's Great Patriot

FOR nearly seven hundred years the sons and daughters of Scotland have revered the memory of Wallace. It is not too much to say that this will continue for seventy times seven hundred years. When but a youth the love of Personal and National Liberty burned so fiercely in the breast of Wallace that he revolted against England's tyrannous rule. At the head of his gallant band of riders he won skirmish after skirmish, and finally, at the opportune time, quickly organized an army and routed the English at Stirling Bridge. William Wallace admired a good Barley-Malt brew just as do the Scotchmen of to-day. Prohibition has ever been a detestable word to the Scotch people. They will not have it enter into their private lives, and the Scotch vote is always registered by a large majority against such sumptuary legislation. In America they have done much to build up the country. Thousands of our solid Scotch citizens are patrons of the honest brews of Anheuser-Busch and have been constant users of BUDWEISER. They have helped to make the annual sales of this world-famed brand exceed those of any other beer by millions of bottles.

Bottled only at the home plant.

cinct 1, Medina County, at the general election.

### Not So Strange After All.

You may think it strange that so  
many people are cured of stomach  
trouble by Chamberlain's Tablets.  
You would not, however, if you should  
give them a trial. They strengthen  
and invigorate the stomach and enable  
it to perform its functions naturally.  
Mrs. Rosie Rish, Wabash, Ind., writes,  
"Nothing did me the least good until I  
began using Chamberlain's Tablets.  
It is decidedly the best medicine for  
stomach trouble I have ever used."  
For sale by All Dealers.

America! A land of peace and plen-  
ty—Wooden.

### How to Cure a Sprain.

A sprain may be cured in about one-  
third the time required by the usual  
treatment by applying Chamberlain's  
Liniment and observing the directions  
with each bottle. For sale by All  
Dealers.

Advertising is like investing money  
at 100 per cent. The returns are a  
hundred fold.

### Skin Disease Cured.

Sold under the positive guarantee to  
refund the money. Hunt's Cure has  
become the standard remedy for skin  
diseases. You run no risk in giving it  
a trial because it is guaranteed. Ask  
your druggist.

## PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMEND- ING ARTICLES XI, SECTION 7a, OF THE CONSTITUTION—PRO- VIDING FOR AUTHORIZING COUNTIES BORDERING ON THE GULF OF MEXICO TO BUILD SEAWALLS.

[S. J. R. No. 22.]

### Senate Joint Resolution.

To amend Section 7, of Article XI, of  
the Constitution of the State of  
Texas, authorizing counties border-  
ing on the Gulf of Mexico to build  
seawalls by adding Section 7a, so  
as to authorize such counties to  
build seawalls and designate sea-  
wall reclamation districts for the  
protection of life and property from  
storm overflow, and to build or con-  
demn land for seawall and reclama-  
tion districts, the county to have  
State's title to low tide within the  
shore line to low tide within the  
district, and the right to issue dis-  
trict bonds for acquiring and de-  
veloping the district and building  
the seawalls, and when district is  
developed as townsites to sell such  
portions of the land as are not re-  
served for public use by the county.  
Be it resolved by the Legislature of  
the State of Texas:

That the following amendment to  
the Constitution of the State of Texas  
be proposed to the voters of the State  
of Texas for their adoption in accord-  
ance with law, and that the Constitu-  
tion of the State of Texas be amend-  
ed so as to add Section 7a of Article  
XI, and that Section 7a of Article XI  
shall read as follows, to-wit:

Section 7a. Where protection against  
the waters of the Gulf of Mexico is  
needed for protection of life, health,  
property or the seawall, any county  
bordering on the Gulf of Mexico may  
acquire title to the land for said sea-  
wall or seawall reclamation district  
as designated by the county commis-  
sioners court by purchase or con-  
demnation of all the land desired for  
seawall and land for the seawall re-  
clamation district from the seawall to  
bay shore tide line boundary of the  
property abutting on the bay, and the  
State hereby cedes to the county, for  
such district, for reclamation and  
general uses of the district, the title  
to bay shore lands in the district be-  
tween the property tide line boundary  
and the low tide line of the bay shore,  
and any land in the reclamation dis-  
trict that may have been retained by  
the Republic of Texas of (or) the  
State for roads when the lands ad-  
jacent were platted and sold, and the  
county is given the right to dredge  
in the bay or in the gulf for fill for  
the district, and right to sell the land  
when reclaimed and laid off as town-  
site or otherwise, and where con-  
demnation is used to acquire the land  
the proceedings to be as under the  
statutes for condemnation for rail-  
roads, provided that the condemnation  
shall vest title in fee in the county,  
and county may issue bonds or other  
evidence of district indebtedness for  
acquiring the property, building the  
seawall, reclamation district, with lien  
on land and such terms and condi-  
tions as county, through its commis-  
sioners court, may deem best, and the  
county commissioners court shall ap-  
point two persons who are owners of  
land within the district, and who de-  
sire to sell for reclamation and buy  
back from the county when reclaimed,  
who, with the county judge as chair-  
man, shall continue a seawall reclama-  
tion district commission, whose com-  
pensation shall be fixed by the court,  
and this commission has power to  
make all rules and regulations for ac-  
quiring the land of district seawall  
building, reclaiming and platting land  
of district, issuing bonds or other  
evidence of indebtedness for same,  
subject, however, to all such rules,  
regulations and acts of the commis-  
sion being authorized and approved  
and ratified by county commissioners  
court. The district must bear all ex-  
penses of seawall and purchase of the  
land and expenses of filling (filling)  
same and other expenses, and the  
same shall not in any way involve the  
credit of the county or be a basis for  
a tax by the county on general lands  
of the county unless authorized by a  
vote of two-thirds of the property tax-  
payers of the county voting at a spe-  
cial election therefor. It is further  
provided that any owner of land in  
a proposed district may subscribe and  
pay for the district commission, when  
organized, at the pro rata of his land  
of the expense of the wall, reclama-  
tion, platting as town lots on a basis  
as such area of land is to be the  
whole land of the reclamation district  
and seawall, and at any time before  
the completion of the district may re-  
surrender the bonds and receive from  
the county a bond for title for his land  
in town lots, less streets and alleys  
deducted therefrom, for which on re-  
surrender deed may be demanded from  
the county after the district is walled,  
filled and platting into streets, alleys  
and lots, and bonds so bought shall  
so provide. It is further provided that  
no district shall be formally desig-  
nated by the county commissioners  
court until owners of at least one-half  
of the proposed area of district peti-  
tion therefor, and subscribe out for  
bonds for repurchase from the county  
as herein provided. This amend-  
ment may be acted on without delay  
of legislation in aid thereof or legis-  
lative action may be had in further-  
ance thereof if desired by the county,  
acting through its commissioners court.

Be it further resolved by the Legisla-  
ture of the State of Texas:

That the foregoing proposed amend-  
ment to the Constitution shall be sub-  
mitted to the qualified voters of the  
State of Texas for their ratification  
and adoption at an election to be held  
throughout the State on the second  
Tuesday in November, A. D. 1914, and  
at such election those favoring the  
ratification and adoption of said  
amendment shall have written or  
printed on their ballots: "For the  
amendment to Article XI, Section 7a,  
of the Constitution, providing for au-  
thorizing counties bordering on the  
Gulf of Mexico to build seawalls," and  
those opposing the adoption and ratifi-  
cation of said amendment shall have  
written or printed on their ballots,  
"Against the amendment to Article XI,  
Section 7a, of the Constitution, pro-  
viding for authorizing counties bor-

dering on the Gulf of Mexico to build  
seawalls." Proclamation of such elec-  
tion shall be made by the Governor,  
as required by the constitution and  
the law, and there is appropriated out  
of any funds not otherwise appro-  
priated the sum of five thousand  
(\$5,000.00) dollars, or so much thereof  
as may be necessary, to pay the ex-  
pense of advertising and holding such  
election.

(Note.—S. J. R. No. 22 passed the  
Senate by a two-thirds vote, yeas 24,  
nays 1, and Senate concurred in  
House amendments by a two-thirds  
vote, yeas 27, nays 0; and was passed  
by the House of Representatives with  
amendments by a two-thirds vote,  
yeas 114, nays 0.)

Received in the Executive Office  
April 1, 1913, and filed in the Depart-  
ment of State April 5, 1913, without  
the approval of the Governor.

## PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMEND- ING SECTION 24, ARTICLE 3, OF THE CONSTITUTION INCREAS- ING COMPENSATION OF THE LEGISLATURE AND EXTENDING LENGTH OF REGULAR SESSION.

[S. J. R. No. 25.]

### Senate Joint Resolution.

Joint Resolution proposing an amend-  
ment to Section No. 24, of Article 3,  
of the Constitution of the State of  
Texas, relating to compensation for  
members of the Legislature.

Be it resolved by the Legislature of  
the State of Texas:

Section 1 That at the next general  
election of the State of Texas for the  
election of State officers, or at a pre-  
vious general election, in case a gen-  
eral election for the State shall be  
sooner ordered by the Governor for  
other purposes, there shall be submitted  
to the electors, of the State of  
Texas, for their adoption or rejection,  
the following amendment to the Con-  
stitution of the State of Texas, as pro-  
vided for in Section 1, Article 17, of  
said Constitution, relating to proposed  
amendments thereto, it being intend-  
ed to amend Section 24, Article 3, of  
said Constitution, relating to the pay  
of members of the Legislature, and  
extension of term of regular sessions,  
so that the said Section shall read as  
follows:

Section 24. The members of the  
Legislature shall each receive from  
the public treasury as compensation  
for their services twelve hundred  
(\$1,200.00) dollars for the year in  
which each regular session of the Leg-  
islature is held, payable in equal in-  
stallments on the twentieth days of  
January, April, July and October of  
the year in which the regular session  
is held, and five dollars per day for  
each day of every special session held  
in the year next succeeding that in  
which any regular session is held.  
In addition to said compensation the  
members of each house shall be en-  
titled to mileage going to and return-  
ing from the seat of government,  
which mileage shall not exceed five  
cents per mile, the distance to be com-  
puted by the nearest and most direct  
route of travel by land, regardless of  
railways or water routes; and the  
Comptroller of the State shall prepare  
and preserve a table of distances to  
each county seat, now or hereafter to  
be established, and by said table the  
mileage of each member shall be paid.  
Each regular session shall continue  
until the business of such session is  
disposed of.

Sec. 2. The Governor of this State  
is hereby directed to issue the neces-  
sary proclamation submitting this  
amendment to be voted upon by the  
qualified electors for members of the  
Legislature, at the first general elec-  
tion to be held in this State. Those  
favoring the amendment shall have  
written or printed on their ballots the  
words: "For amendment to Section  
24, of Article 3, of the Constitution,  
increasing compensation of the Legis-  
lature, and extending the length of  
the regular session of the Legisla-  
ture." Those opposing said amend-  
ment shall have written or printed on  
their ballot the words: "Against  
amendment to Section 24, of Article  
3, of the Constitution, increasing com-  
pensation of the members of the Leg-  
islature, and extending the term of  
regular sessions of the Legislature."

Sec. 3. The sum of five thousand  
dollars, or so much thereof as may  
be necessary, is hereby appropriated  
out of any funds in the State Treas-  
ury, not otherwise appropriated, to  
defray the expenses of such proclama-  
tion, publication and election.

(Note.—S. J. R. No. 25 passed the  
Senate by a two-thirds vote, yeas 23,  
nays 0, and Senate concurred in  
House amendments by a two-thirds  
vote, yeas 23, nays 1; and was passed  
by the House of Representatives with  
amendments by a two-thirds vote,  
yeas 101, nays 22.)

Approved April 3, 1913.

## PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMEND- ING SECTION 1, ARTICLE 3, OF THE CONSTITUTION, PROVID- ING FOR THE INITIATIVE AND REFERENDUM.

[S. J. R. No. 12.]

### Senate Joint Resolution.

To amend Section 1, of Article 3, of  
the Constitution of the State of  
Texas, so as to give to the people,  
or reserve to them, the power to  
propose laws and to enact or reject  
the same at the polls, and to ap-  
prove or reject at the polls any Act  
of the Legislature.

Be it resolved by the Legislature of  
the State of Texas:

That Section 1, of Article 3, of the  
Constitution of the State of Texas, be  
amended to read:

Section 1. The legislative power of  
this State shall be vested in a Senate  
and House of Representatives, which,  
together, shall be styled "The Legis-  
lature of the State of Texas," but the  
people reserve to themselves power,  
as herein provided, to propose laws  
and to enact or reject the same at the  
polls, and to approve or reject at the  
polls any law, or any part of any law  
enacted by the Legislature. The Leg-  
islature shall provide by law for sub-  
mitting to the vote of the people, upon  
the petition of twenty per cent of the

qualified voters of the State the en-  
actment of laws and the approval or  
rejection of any law enacted by the  
Legislature.

Be it further resolved, by the Leg-  
islature of the State of Texas: that  
the above and foregoing is proposed  
as an amendment to the Constitution  
of this State, and shall be submitted  
to the qualified electors of the State  
of Texas for members of the Legisla-  
ture, for their adoption or rejection  
as a part of the Constitution of this  
State, and shall be voted on by such  
electors at the regular election for  
the election of officers to be held  
throughout the State, on the second  
Tuesday in November, A. D. 1914, and  
those voting for the adoption of said  
amendment shall have written or  
printed on their ballots the words:  
"For the amendment to Section 1, of  
Article 3, of the Constitution of the  
State of Texas, providing for the  
initiative and referendum," and those  
voting against the adoption of said  
amendment shall have written or  
printed on their ballots the words:  
"Against the amendment to Section  
1, Article 3, of the Constitution of the  
State of Texas, providing for the  
initiative and referendum." And the  
foregoing proposed amendment shall  
be duly published once a week for  
four consecutive weeks, commencing  
at least three months before the elec-  
tion at which it is to be voted upon,  
in one weekly newspaper in each  
county in this State, in which such a  
newspaper may be published. The  
governor shall make proclamation of  
such election upon said proposed  
amendment by publication as afore-  
said, and as required by the Constitu-  
tion and laws, and the sum of five  
thousand dollars (\$5,000.00) is now  
appropriated out of any fund in the  
Treasury not otherwise appropriated,  
to pay the expense of making such  
proclamation and publication and  
holding said election.

(Note.—S. J. R. No. 12 passed the  
Senate by a two-thirds vote, yeas 21,  
nays 5, and was further passed by a  
two-thirds vote, yeas 21, nays 7, and  
Senate concurred in House amend-  
ments by a two-thirds vote, yeas 23,  
nays 0; and was passed by the House  
of Representatives with amendments  
by the following vote: yeas 84, nays  
36.)

Received in the Executive Office  
April 1, 1913, and filed in the Depart-  
ment of State April 4, 1913, without  
the approval of the Governor.

## WITHIN THE LAW

Whether the Attorney General in  
filing the so-called anti-trust suits  
is within the law has no bearing  
upon the immediate effects accom-  
panying such litigation. The fact  
stands out boldly that corporate in-  
vestments in Texas have been thrown  
in the hands of a receiver without a  
hearing and a railroad is now being  
tried for high crime for alleged  
minor offenses. Perhaps the statutes  
may justify and duty demand such  
action, but in the chancery court of  
industry, a verdict must be rendered  
that the law of common sense has  
been violated.

Leaving the statutes for the in-  
terpretation of lawyers and eliminat-  
ing from the discussion the person-  
ality of all public officials past or  
present, there is no escaping the  
power of men in the affairs of gov-  
ernment. Standing at the source of  
every movement, good or evil, in  
government is a man, and upon the  
wisdom and experience of those who  
wear the mantle of authority depends  
our final destinies. Our progress,  
and indeed our safety, is in the hands  
of those who guide the ship of state.  
It is upon their knowledge of the  
high seas of commerce, their experi-  
ence in seamanship, that we must  
depend to keep us off the reefs of  
destruction and in the roadstead of  
success. It is through our leaders  
that we must knock at the door of  
opportunity to enter the gate to the  
cemetery of despair.

There is no more noble purpose  
in life than a desire to be useful and  
no one for a moment questions the  
motives of our public officials, but  
the pathway of civilization is strewn  
with the wreckage of good intentions  
and pinned under its timbers are  
the people whose leaders have dis-  
played more courage than wisdom.

Those who have torrents of energy  
to turn loose in the name of the  
state should realize that folly has  
its limits as well as its rights and  
that the public can reasonably ex-  
pect those whom it honors to do  
something more than meddle with  
fate and seuffe with progress.

As a rule responsibility steadily  
rather than inexperience public offi-  
cials, but the surest way to promote  
our prosperity is to elect to office  
men seasoned in business affairs and  
who have had experience in actual  
transactions. Government is a big  
business institution and only those  
who possess masterful qualities can  
properly manage it.

### Simmon's Liver Purifier

The mild and pleasant liver medicine,  
is Simmon's Liver Purifier. Its ac-  
tion is thorough, but pleasant. Does  
not gripe or sicken like other medi-  
cines. Sold in 25c boxes by your  
druggist.

tem. A true tonic. For adults and children. See

## POULTRY ATTRACTION

Chickens That Have Cackled  
and Crowed in the Presence  
of Kings Will Be Shown at  
Ft. Worth Fat Stock  
Show.

Roosters that have crowed in the  
presence of kings and hens that have  
pecked at the judges of poultry  
shows on both continents, will be  
exhibited at the Fort Worth Fat  
Stock Show, November 22-28.

Every year the blooded hens and  
high-browed roosters from all over  
the world assemble at the show, chat-  
ter about the premiums, cackle and  
crow over the blue ribbons, return  
to the barnyard boasting of their  
triumphs and spread the fame of the  
Stock Show throughout the length  
and breadth of the land.

The hen will be one of the leading  
attractions of the show and she is a  
splendid entertainer. Her form is  
exquisitely molded in all shapes and  
sizes from the ornamental to the use-  
ful. Her attire is the pink of per-  
fection and her form and color are  
of latest design. In utility she is  
without an equal in the Texas barn-  
yard. Her cackle is as musical as  
the clink of gold dollars, she buys  
the baby new dresses, keeps the fam-  
ily in groceries and pays off farm  
mortgages. She has put on a shell  
game that has driven the fakers from  
the fair grounds in shame and she  
has netted the housewife millions of  
dollars.

For years she has maintained  
her supremacy as a star performer  
and this year she will put on  
a show that will rival all pre-  
vious exhibits. In giving the larg-  
est returns on the amount invested,  
she takes sweep-stakes. The markets  
of the world are clamoring for the  
Texas steer; the packers are loudly  
calling for more hogs; the sheep  
boasts of the demand for its fibre,  
but they must all bow down before  
the Texas hen. She lays three times  
her value per annum, raises annually  
a brood of chickens worth ten times  
her value and then lays down her  
life to appease human hunger.

The poultry industry in Texas has  
reached mammoth proportions. Dur-  
ing the past year the total produc-  
tion, including eggs, approximated  
\$25,000,000. The egg output alone  
was worth \$18,000,000. We have  
approximately 25,000,000 domestic  
fowls. We have more turkeys and  
geese than any other state in the  
Union.

Ivy poisoning, swellings  
of the face, limbs and  
stomach, and all skin  
eruptions should be treated with  
**Bellard's**  
**SNOW**  
**LINIMENT**  
It neutralizes poisons, sub-  
duces inflammation, relaxes con-  
tracted muscles and restores  
healthy conditions. For  
burns, cuts, wounds, burns of  
scalds, there is nothing like it  
in the whole list of curative  
agents. It cures the most  
powerful and is more effective  
than the strongest drugs. It  
is useful in a host of ailments  
and its application is followed  
by beautiful results.  
Price 25c, 50c and \$1.00.

### Whenever You Need a General Tonic

The Old Standard Grove's Tasteless  
chill Tonic is equally valuable as a  
General Tonic because it contains the  
well known tonic properties of QUININE  
and IRON. It acts on the Liver, Drives  
out Malaria, Enriches the Blood and  
Builds up the Whole System. 50 cents.

Prothetine has been interred  
with the honors of war.

The Dove of Peace has been swal-  
lowed by the God of War.

### Only One "BROMO QUININE"

To get the genuine, call for full name, LAXA-  
TIVE BROMO QUININE. Look for signature of  
E. W. GROVE. Cures a Cold in One Day. Stops  
cough and headache, and works off cold. 25c.

The Anvil Herald does job printing.

## The Boy Who Made Good

Just an average boy—no—he  
had a supreme belief in the Life  
that animated him. He believed  
that Life could do as much for  
him as anybody else provided he  
started and kept doing one thing  
at a time until he could do it  
well. Sounds easy, doesn't it?  
It is easy, and the results are  
always the same—success. "To-  
morrow"—he omitted it. "To-  
day and now", was his motto.

## The Texas Dry Farming Congress Meets

(Continued from First Page.)

will provide warehouses for the storage of our cotton and the receipts from which will be acceptable collateral to our banks and other sources of borrowed money, thus providing a relief from the intolerable situation, therefore.

BE IT RESOLVED, by the Texas Dry Farming Congress that we heartily endorse this action on the part Governor Colquitt in calling this special session of the Texas Legislature and urge upon our representatives that they speedily enact into a law the excellent bill upon which our Governor and our attorney general have been laboring and bringing to perfection.

WHEREAS, the credit for the conception of the idea of having a Texas Dry Farming Congress is largely due to Prof. H. P. Attwater.

AND WHEREAS, the success and growth of the said Congress has been largely due to his unselfish devotion and untiring labors in its behalf.

BE IT RESOLVED, — THAT THIS CONGRESS, in Sixth Annual Session Assembled, tender its thanks to Prof. Attwater for his interest in the same; that it vote an expression of the regret of every delegate present at the unavoidable absence of Prof. Attwater from this meeting; and we hope he may have the pleasure of attending many future sessions of the Congress.

BE IT RESOLVED, that the thanks of this Congress are due to the citizens of Hondo and to the members of the Reception Committee for their continuous hospitalities and courtesies since we have been with them; to our officers for their faithful and efficient administration; to the Railroads who have contributed to the success of this meeting by their reduced rates and by the interest they have shown by the presence of a number of their officials and experts; to the speakers on our program for their splendid contributions on dry farming and kindred subjects; and to the Commissioners of Agriculture of our Southern States for their prompt consideration of and help in the present emergency in cotton marketing by calling conventions all over the South to bring the best intelligence and thought to this great problem.

AND BE IT RESOLVED, that our special thanks are due the ladies of Hondo and vicinity for the inspiration of their presence and sympathetic bearing throughout our program and in this connection we move the adoption of this resolution by an enthusiastic rising vote.

RESOLVED, That the thanks of this Congress be especially tendered Miss Annie Callahan for her generous service as musician for this meeting of the Congress.

Recognizing the power of the press and not being unmindful of its contribution to the success of the Texas Dry Farming Congress,

BE IT RESOLVED, — That we extend our thanks to the daily, the agricultural and the weekly press for its friendship and courtesy to this Congress in giving both advance publicity and reporting the proceedings of this meeting.

A communication from the International Dry Farming Congress, which meets at Wichita, Kansas October 7 to 17, 1914, was read, and adjournment had until 8 P. M.

Fifth Session, Wed., 8 p. m.

Upon the convening of the evening session, Prof. L. H. Scholl addressed the Congress on Bee-Keeping. Mr. Scholl recommended the keeping of bees as a part of a general scheme of diversification and painted an ideal picture of farm life where such a system was followed.

Prof. A. H. Lehigh again spoke, taking the place of Prof. A. D. Connor on the subject of Sudan Grass, a grass that bears a marked resemblance to Johnson grass but has the advantage of being an annual instead of a perennial pest. He illustrated his lecture by exhibiting two specimens brought from Sabinal by Mr. A. J. Durham. He advised the planting of this grass but cautioned against inferior or mixed seeds.

Cultivation of Cotton in Dry seasons was ably handled by Prof. J. L. Quick-sall, Special Agent of the U. S. Department of Agriculture. He went briefly into the details of seed selection, soil preparation, planting, cultivating and harvesting cotton. He said the reason why cotton died in this section of the country from blight is from lack of humus in the soil, and that the best remedy was the rotation of crops and the plowing under of vegetable matter. He also touched upon the waste on the farm and said no other business on earth could stand such improvidence as one sees in the neglect of farm machinery and the lack of care in preserving the crops after they are harvested.

Mr. F. T. Ramsey of Austin talked briefly upon Horticulture, advising the planting of fruit trees, pecan trees, etc. both for pleasure and profit.

Mr. W. B. Campbell, representative of a Silo factory was given the courtesy of the floor and called attention briefly to his silo and urged farmers to adopt the silo method of preserving feed.

This closed the program of set speeches, but a motion by Mr. J. C. Beck, seconded by Mr. A. J. Durham, to change the name of the Congress from the Texas Dry Farming Congress to that of the Southwest Texas Farmers' Congress evoked some discussion and when put to a vote was lost.

The following report of the Committee on Nominations was read and adopted unanimously amid much enthusiasm:

### NOMINATIONS.

We, your Committee on Nominations, beg leave to report that the following officers were nominated by acclamation unanimously:

Dr. Benjamin F. Berkley of Alpine, President.

Mr. A. J. Durham of Sabinal, Vice-President.

Hon. Jos. O. Boehmer, Eagle Pass, Secretary.

To facilitate the work of the incoming Secretary, to encourage the work in the respective counties, and to give the Congress an official representative in each community, it was decided by this Committee to nominate an Executive Committee consisting of one member from each county. The duties of this Committee are to correspond with the Secretary of the Congress about the sending of delegates from their respective counties and assist him to the best of their ability to have the attendance to the 1915 convention as large as possible.

The following were unanimously nominated as Executive Committee-men.

### EXECUTIVE COMMITTEE.

J. T. Snelus, Valentine, Jeff Davis County.

J. D. Jackson, Brewster Co.

J. C. Beck, Bexar Co.

Mr. Hopper, Val Verde Co.

T. J. Martin, Kinney Co.

A. J. Kesler, Kinney, Uvalde Co.

S. H. Dixon, Houston, Harris Co.

E. R. Rice, Eagle Pass, Maverick Co.

Henry Bendele, Devine, Medina Co.

W. P. Young, Blossom, Lamar Co.

Sam Neel, Seguin, Guadalupe Co.

Prof. B. Youngblood, College Station, Brazos Co.

W. H. Withington, La Pryor, Zavala Co.

Prof. L. H. Scholl, New Braunfels, Comal Co.

J. W. Neill

D. B. Little, Frio Town, Frio Co.

Hon. Frank Burmeister McMullen Co.

J. A. Head, Bandera Co.

Eagle Pass was nominated by Mrs. C. D. Newberry as the place for holding the 1915 meeting of the Congress.

No other nominations being made Eagle Pass was selected unanimously.

Whereupon the Congress adjourned without date.

### Some Notes of the Congress.

J. T. Snelus brought down from Valentine quite an array of Jeff Davis County products which excited the wonder and admiration of all who saw it when it was learned that it was all grown with an average rainfall of 15 inches. There was sugar cane and Kaffir corn raised by C. E. Dietert, corn, onions, sorghum cane and potatoes, by J. H. Quinn; Grammar grass from the Holland ranch; oats four feet high cut from the second planting in 1913 and another fine specimen from the 1914 crop, by J. H. Wilkins; wheat, by Geo. Pughan, colored farmer; pears from the X ranch; figs from J. T. Snelus' yard; Feterita, by C. E. Dietert; and peaches by J. H. Weslow, all of Valentine. From Ft. Davis he had corn, plums and onions, by V. J. Ward; onions and tomatoes, by Georg McGuire; peppers, by Lee Spraul; pears and peaches, by J. A. Holt; apples, by J. H. Johnson, and pears, by W. J. Ward.

The most of this exhibit, along with the Sudan grass from Sabinal, by A. J. Durham; Milo Maize and Feterita from D'Hanis, by Joe Langfeld, and corn by Ferd. Nester; and some pears, Japanese persimmons and pomegranates from Hondo by August Kempf, were labeled by J. W. Neill and shipped to Austin for display in the State Agricultural exhibit, and will no doubt attract the attention of visitors to that department.

At the Wednesday morning session, a meeting of business men and farmers was called for one o'clock at the auditorium to discuss the cotton situation. Joe Langfeld presided and after considerable discussion the following delegates and alternates were elected to attend the conference called by Judge Ed. R. Kone to meet at Austin today:

County at large, Joe Langfeld and Hubert Butts.

Precinct 1, Joe Ney and E. R. Leinweber.

Precinct 2, Henry Haas and Jacob Rihn.

Precinct 3, C. M. Thompson and J. W. Pullerton.

Precinct 4, A. E. Saathoff and Jos. Koch.

F. M. Getzendaner came down from Uvalde with a bunch of boosters to capture the next meeting, but his gallantry to the ladies kept him silent after Mrs. Newberry had nominated Eagle Pass.

Mr. and Mrs. W. O. Victor of Uvalde are two of the finest boosters for the Dry Farming Congress and enjoyed the entire session.

Mr. and Mrs. Harold Baldwin were down from Sabinal for the Congress. Mr. Baldwin gave this paper the biggest boost it got out of the Congress. In his speech he told the people to subscribe for it.

Mr. and Mrs. H. A. Frick came all the way from Eagle Pass to attend the Congress.

It was with much regret that the guests of the Dry Farming Congress could not be taken on an excursion to the dam on account of a heavy rain Monday night in the eastern part of the county which put the roads in such a condition people did not want to run their cars over them.

Everyone who attended the Congress seemed pleased. The addresses were said to have been equal if not better than at previous meetings.

Miss Annie Callahan did faithful service at the piano, but she labored under great difficulty. We move that the finance committee appropriate enough money out of the funds on hand to tune the Auditorium Piano and give Miss Annie a hero medal.

The absence of Prof. Attwater and Judge Kone as well as several other speakers who were to have appeared on the program was greatly regretted.

If there are any unpaid accounts outstanding against the Congress the holders of the same will please file them with the Secretary at once.

To those who assisted him in any way, and especially to Felix Batot in helping him to prepare the hall and to J. G. Heyen in assisting him to keep a record of the proceedings, the secretary is duly grateful.

### Sabinal 5—Hondo 1

This tells how Sabinal walloped the home team, and it was some walloping. A sorell-topped soldier person by the name of "Steve"—whom Sabinal had dragged away from his troop—shot 'em at the Hondoites, and he was somewhat of a shot. A miserly two bingles was all he allowed, and only two men reached second, until the ninth, when Bradley went to third from second on a sacrifice by Windrow, who was hitting in place of Beal, and Brad was allowed to score when the Soldier uncorked a wild pitch.

The score is no indication of the character of the game for it was a real ball game, and Sabinal went home knowing that they had been some place.

Jack Miller pitched a beautiful game, which would have brought home the bacon in any ordinary game, but his mates were not there with the stick at the right time.

The features of the game were the brick-top Soldier and a couple of catches by North of Sabinal, who robbed Hondo of two nice hits.

Batteries: Sabinal, Steve and Fly; Hondo, Miller and Goff. Umpire, Dr. Smith.

### HONDO AND D'HANIS.

In a poorly played, but exciting ball game, marked by numerous thrills and errors, Hondo out-lucked D'Hanis Wednesday afternoon to the tune of 5 to 7.

Bradley pitched for Hondo and it was not the fault of the team behind him that he won, for his mates threw it away half a dozen times, a dozen errors being chalked against them. D'Hanis offended in the same manner, both teams making enough bone-headed plays to start a bone-yard.

The features of the game was a home run by Felix Richter and the ability of D'Hanis to get a man on base every inning, thereby causing the home team and Floyd Slater no little worry.

Batteries: Bradley, Miller and Goff, Koch, Dreiss, Vogel and Koch. Umpires, Dr. Smith and E. Rothe.

### Notice.

My pasture is posted and no trespassing is allowed. Any one found hunting therein will be prosecuted to the fullest extent of the law.

6mo. AUG. E. SCHUEBLE.

### A TEXAS WONDER.

The Texas Wonder cures kidney and bladder troubles, removing gravel, cures diabetes, weak and lame backs, rheumatism, and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two month's treatment and seldom fails to perfect a cure. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Send for Texas testimonials. Sold by druggists.

### Calomel May Hurt Your Liver

Every time you take this powerful drug you are in danger. Take Dodson's Liver Tone instead. Calomel is made from mercury, and while mercury has many valuable uses, it is a dangerous thing to swallow. If calomel stays in the system very long it salivates. Even when it works naturally, its after effects are often bad.

W. H. Windrow will sell you Dodson's Liver Tone, which is positively guaranteed to take the place of calomel. Liver Tone stimulates the liver just enough to start it working, and does not make you sicker than ever—as calomel often does. You feel good after taking Dodson's and it won't force you to stop eating or working after taking it. It is as beneficial for children as for adults.

Try a large bottle for fifty cents under the guarantee that your money will be given back cheerfully if you're not satisfied.

### Get Your Buggy From Your Home Dealer.

You can then see and know just what you get for your money. Especially when it's a Moon or a Hercules Buggy or Surrey. You don't have to take the word of some other fellow a thousand miles away. You have the buggy right before you and a responsible man you will know to tell you all about it first.

Go to the home dealer, ask him to show you the buggies and he will explain their superior features. He will gladly do it to your entire satisfaction. See for yourself how the buggies are built for riding easier, running lightest and lasting the longest of any. See WM. F. NEUMAN.

### Land for Sale.

I have \$50 acres of land on Live Oak Slough which I will sell as a whole or in tracts to suit purchaser at prices ranging from \$15.00 to \$30.00 per acre and on easy terms, according to improvements and quality of land. Two fine wells 35 and 40 feet deep. Telephone Line 10 R. 1-1.

H. R. BAILEY, Hondo.

### For Sale.

Mrs. B. Meriwether offers for sale ten shares in the Seco Pressed Brick Co. of D'Hanis. For price and other particulars apply to either—

P. JUNGMAN JR.

or W. C. HOLLOWAY.

## A. R. Wottlin Contractor and Builder

Let me figure on your work. I guarantee first class work in all kinds of building.

P. O. Box 194 Hondo, Texas
